

CHAPTER ADVISORS & INTERNAL ORGANIZERS

In our ongoing effort to improve member services and build strength in the workplace, our union has evolved our worksite representation and organizing model:

- Inquiries related to grievances and arbitration — along with issue-specific questions — are now handled by our Member Action & Resource Center (MARC). You can reach the dedicated MARC staff at (800) 632-8079 or marc@seiu509.org.
- Our team of Internal Organizers will continue to work with members in their respective geographic regions to win strong contracts, develop officers and stewards, assist with local Labor-Management meetings, and advise chapter leaders. Contact information, broken down by union chapter and region, is included in this document.
