

Candidate Statements: Private Sector Human Services Chapter President

Noel Lozada

My name is **Noel Lozada**, and it has been an honor and a privilege to serve as your Chapter President for the past three years. During this time, we've overcome challenges, strengthened our unity, and made meaningful progress together. Yet, there is still so much important work ahead of us. I have proudly worked at Bridgewell for 11 years and have been in this field for over 25 years, dedicated to supporting individuals and improving the quality of services we provide every day.

For more than nine years, I've been an active and engaged member of SEIU Local 509—serving as a JEB member, COPE member, and Chapter Board member. Through these experiences, I've had the opportunity to advocate for fair pay, safer working conditions, and respect for every member. I believe deeply in the power of our collective voice and the strength that comes from standing together in solidarity.

Thank you all for your continued trust and support. I ask for your vote for the *Our Union, Our Future* slate—please also support **Ethel Everett for Local-Wide President, Kara Goodier for Treasurer, and Cynthia Davis for Recording Secretary.**
